Wyoming Works is a collaborative effort of more than 70 agencies, organizations, and businesses in Wyoming County dedicated to strengthening the community by developing opportunities for success for individuals and families. The group's mission is to create partnerships to raise awareness and expand education and workforce opportunities within Wyoming County. Members work together to build relationships that help residents acquire the education and skills they need to get jobs in the 21st century workplace.

Career Pathways is a result of the collaborative partnership. Everyone who comes to the Learning Center seeking assistance with education and employment is given the tools needed to prepare for not just a job, but a career. Having a career goal and knowing the steps required to achieve that goal helps people gain the skills they need to provide for their families well into the future.
